

KS5

In order to support work at home, we have created an overview sheet to help with your independent learning.

Exam boards

Please find below the exam boards for each of your subjects. You can use the websites of each exam board to access the specifications, past papers and mark schemes. Some subjects have examiner's reports too so you can see model answers and common mistakes other students have made. It is important you practice answering questions and checking the mark schemes so you know what the exam board are looking for.
